Rules of the Board of the Council of Engineers

On Qualifications of Persons Eligible to Take the Knowledge Testing to Apply
for the Regulated Engineering Profession Practitioner License at the Associate Engineer Level,
B.E. 2549 (A.D. 2006)

By virtue of Section 8 (6) (d), (f), and (k) and Section 12 (3) of the Engineer Act, B.E. 2542 (A.D. 1999), in combination with Clause 3 and Clause 4 of the Regulations of the Council of Engineers on Certification of a Degree, Certificate or Diploma Equivalent to a Degree in Engineering, B.E. 2543 (A.D. 2000), and the Regulations of the Council of Engineers on Issuance of License for Practicing the Regulated Engineering Profession at the Associate Engineer Level, B. E. 2549 (A.D. 2006), and the Engineering Profession Act, B.E. 2505 (A.D. 1962), the Board of the Council of Engineers prescribes the details and qualifications of a person qualified to participate in a knowledge testing to apply for a license to practice the regulated engineering profession at the associate engineer level as follows:

Clause 1. These Rules shall be called “Rules of the Board of the Council of Engineers on Qualifications of Persons Eligible to Take the Knowledge Testing to Apply for the Regulated Engineering Profession Practitioner License at the Associate Engineer Level, B.E. 2549 (A.D. 2006).”

Clause 2. These Rules shall come into force from 1 January 2009 onwards.

Clause 3. A person graduating from a study program approved in accordance with the old requirements under the Regulations issued pursuant to the Engineering Profession Act, B.E. 2505 (A.D. 1962), and a person graduating from a study program approved according to the new requirements of the Council of Engineers under the Rules of the Council of Engineers on Certification of a Degree, Certificate or Diploma Equivalent to a Degree in Engineering, B.E. 2543 (A.D. 2000), shall be eligible to take the engineering knowledge test as prescribed by the Board of the Council of Engineers.

Clause 4. In case of an applicant graduating from an overseas study program not yet approved by the Council of Engineers, he/she shall apply for a license to practice the engineering profession at the associate engineer level by submitting supporting documents and evidence of the study program to the Council of Engineers for approval on a case-by-case basis. When the Council of Engineers considers approving such study program, the Rules of the Council of Engineers on Certification of a Degree, Certificate or Diploma Equivalent to a Degree in Engineering, B.E. 2543 (A.D. 2000), shall apply, *mutatis mutandis*.

Announced on 21 March 2006

Chadab Padmasuta

President of the Council of Engineers
